Spoken, technical English. Russian, Ukrainian native speaker

Summary

10+ years of professional work experience and expertise in web-development. From feature-rich eye candy web-sites at Art. Lebedev's Studio to high-loaded web services at Yandex.

My main line of work is providing solutions and the highest level technical direction in the development of new or existing web-applications to solve basic to complex problems or enhancements, writing clean, reliable and readable code as well.

Still, got excellent learning skills, work well within a team as well as individually, attentive to details. Understanding of simplicity and efficiency.

Technical Profile

- JavaScript (ES5/ES6), Web API, HTML5, ReactJs, RxJs
- Full stack frontend with NodeJs
- Designing REST APIs
- Development of sophisticated single-page web applications and UIs
- Organizing team and development processes
- Web Usability
- Building Git-based CI processes
- Code version control with Git
- NoSQL and SQL based data layer implementation

Education

1999 – 2005 National Technical University of Ukraine "Kyiv Polytechnic Institute", Specialist's degree in Radio-engineering.
